We have audited the accompanying financial statements of EvanTell, Inc., which comprise the statements of financial position as of June 30, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of EvanTell have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The preparation of these financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. A summary of significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of cash and short-term, highly liquid investments with an original maturity term of three months or less. The balances, at times, may exceed federally insured limits. EvanTell has not experienced any losses on such accounts and believes it is not exposed to any significant credit risk.

PLEDGES RECEIVABLE

Unconditional promises to give are reported as income when promise is made and have been recorded at the net present value of their estimated future cash flows. Management has evaluated pledges receivable for an allowance for uncollected promises and determined no allowance was necessary for the years ended June 30, 2015 and 2014.

INVENTORY

Inventory consists of books, biblical counseling, and related ministry materials carried at the lower of cost or market using the average cost method. Management has evaluated inventory for an allowance for obsolescence and determined no allowance was necessary for the years ended June 30, 2015 and 2014. Total cost of goods sold were \$85,772 and \$78,580 during the years ended June 30, 2015 and 2014, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

PROPERTY AND EQUIPMENT

Property and equipment are recorded at cost if purchased or fair value if contributed and include improvements that significantly add to utility or extend useful lives. Costs of maintenance and repairs are charged to expense as incurred. Depreciation is recorded using the straight-line method over the estimated useful lives, which range from two to seven years. When depreciable assets are disposed of, the cost and related accumulated depreciation are removed from the accounts, and any gain or loss is included in support and revenue for the period. Purchases in excess of \$1,000 are capitalized.

PRODUCTION COSTS

Production costs are costs incurred for the production of the Evangelism Study Bible which was completed in October 2014. Management entered into a contract with a publisher and will receive a royalty on the sales of these bibles but will not have inventory on hand to sell. The capitalized costs will be amortized over the estimated future sales of these bibles. During the year ended June 30, 2015, total amortization was \$83,006.

CLASSES OF NET ASSETS

The net assets of EvanTell are reported in the following classes:

Unrestricted net asset amounts are currently available at the discretion of the board for use in EvanTell's operations and those resources invested in property and equipment.

Temporarily restricted net asset amounts include resources restricted by donors primarily for use with certain projects or those gifts with an associated time restriction.

SUPPORT AND REVENUE

Contributions are recorded when made, which may be when cash or other assets are received or when unconditionally promised. EvanTell reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the contributed amounts. When the purpose restriction is satisfied, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

Sales income is recognized when earned, which is when the products are given or shipped to customers.

Conference and meeting income is recognized when earned, which is when the conference or meeting is held and the services rendered.

FUNCTIONAL ALLOCATION OF EXPENSES

The costs of providing various program services and supporting activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs, such as salaries and benefits and depreciation, have been allocated among the program services and supporting activities benefited.
